## **The Voyage**

forest pond the larches' yellow pulse  
carrying Neo Rauch's *Homecoming* home  
the father the son *the road\** nothing but desolation  
in the archipelago they listen to the break of dawn  
detect a future at the edge of our words  
with modesty while journeying through the Tao  
Fluxus concert - anticipate the first beat of the beat  
and talks... talks... about climate protection  
prepare the brightest room for the foster child  
on a gentle swell these disembodied days  
ritual of forgiveness we hold hands  
leaves fall during the tea ceremony
